<u>Computing</u>	Hardware Components	& Search Engines	Surreal Photography	Keyboard skills	Programming (Scratch, Lightbot)	
<u>Topic (either History or Geography Primary Focus)</u>	Rainforests <i>During this important topic, children will investigate why our rainforests are so important and what makes them so special. Children will learn about the predators and prey, living things and their habitats as well as indigenous people. Throughout this unit, children will learn about the importance of our changing climate and the impact our actions can have on the world.</i>		Romans <i>Children will use a range of artefacts, research and resources to explore what made the Roman Empire so successful. They will retrace the steps of a young Roman soldier while preparing for battle against the mighty Bouiccia. Children will gather evidence of how the Romans lived, what clothing they wore, how they entertained themselves and the Gods they worshipped.</i>		Robots <i>This topic is an excellent introduction into the amazing jobs robots carry out all over the world. Children will participate in discussions and debates about their uses and whether or not the 'rise of the robot's is having a positive impact on our world today.</i>	Inventions & Technology <i>This exciting topic offers children the opportunity to explore many of the weird and wacky inventions of today as well as think back to how our lives have evolved over the years due to technology.</i>
